

Vector Rehab Power Chair
Power tilt / Power Recline

## \#merits <br> AUSTRALIA

## Vector Rehab Power Chair Power tilt / Power Recline

## Features

- Center of gravity changes when operating the power tilt/recline seat function (for safety reasons the centre of gravity of the user will always stay above the drive wheels)
- Shear reduction for comfort and prevention of injury
- Adjustable seat width and seat depth ( 16 "/18"/20")
- Removable battery case for replacing and maintaining battery easily
- Dual in-line motors for enhanced efficiency, torque, range and performance
- Full front and rear adjustable suspension which provides a comfortable ride
- Power tilt operation in $5^{\circ} \sim 55^{\circ}$ for pressure relief
- Power recline operation $90^{\circ} \sim 150^{\circ}$ for comfort
- Optional seat elevator, power foot plate or power elevating leg rests
- PG R-NET controller standard
